EDITION 012

DECEMBER EDITION

From the Transition Manager; Michelle KostECKi.

Dear Readers,

We are coming to the end of another year of business for the Western Cape Communities Trust. We have had some changes here in the Administration team, Geoffrey Fahey's fixed term employment contract was not extended and his final day of employment was 13th October 2018. Once the new board has been inducted in and the new chairpersons elected we will commence the advertising for a new Executive Officer. In the interim I have been appointed to the Transition Manager

until the recruitment is finalised.

Congratulations to all the new Members and Directors for the 2019-2020 term, and look forward to welcoming you all as I perform all inductions. I am currently working with the whole Administration team to finalise meeting papers, accommodation and travel requirements.

The building is behind schedule but is moving forward. It is most unfortunate that we will be unable to hold our end of year celebrations here but let's not let that worry us. We are hoping to move in to the new building in early January and I will need to close the office to accommodate for this move. However we will be available to everyone once this move is complete. I will keep you all updated on this as the time gets closer.

I would love to hear from each and everyone of you to let us know what it is you want to see in the new year in community, from Administration team, Directors and Members. So I will have some 'Have your say competitions' on the website over Christmas with some prizes for shareholders and community members available just for providing feedback.

The Christmas party is booked in for the 5th December and I have provided entertainment. We have some very exciting times and milestones being reached in the coming year and I am honoured to be a part of this in this current role.

Regards,

Michelle KostECKi.

2018 Election Results
